Ilford M40 veteran Malcolm Muir put in a superb race on Friday to win the Serpentine "Last Friday" 5K race in Hyde Park. In cold, breezy conditions and a field of 265 runners he led the pack for most of the race, preferring to dictate the pace, but having broken away with Damian Nevins (Harrow) in the last kilometre he then wisely dropped behind to take the attacking position. Over the last 200 meters Malcolm turned on his now renowned finishing speed to burst to the front just before the line and take the win by a second in 16m 13s.

Ilford's superveteran John Batchelor started the race but retired at 1 Km with a bad back.
