

The Essex Way

Sunday 3rd September

Sunday saw the staging of the Essex Way Relay which covers the 82 miles of the Essex Way, a historical pathway through Essex, starting from Epping Station to Harwich Old Lighthouse in 10 stages. Ilford AC have been involved in the organisation and time keeping for a good few years now.

The route is mainly cross country without marshals with each runner expected to have done a recce of his route from printed instructions.

The route takes runners across ploughed fields, through large crops, across many a stile and kissing gate and can be a logistical nightmare for those involved making sure that all runners are ferried to their start lines in time as most start and end points are in small villages with limited parking.

There are also the logistics of getting runners back from their finish point to their cars where they started.

This year there were 69 teams competing, and for the first time in 3 years Ilford AC were able to put out a full team, and almost managed a full B team as well.

Ilford finished a very credible 25th and 66th, and would have finished far higher if the B team had managed to put out a full team.

Highlights of the day were Steve Philcox who was roped in with just 3 days' notice and finished 3rd, and Malcolm Muir who hasn't ran for a while, because of injury, finishing 7th.

A few runners made it to the end after finishing their own run to cheer home Pam Jones who closed the team, accompanied by Nicola Hopkinson running her second leg of the day.

This was followed by the traditional Fish and Chip supper where runners swapped tales of getting lost, nettle stings, boggy fields, bloodied limbs and weary legs. All runners agreed though that they couldn't wait for next years race!

Ilford Runners Stage positions were as follows:-

Stage 1. A - Peter Spelman 52nd B - N/A

Stage 2. A - Steve Philcox 3rd B - N/A
