World Masters Championship

Porto Alegre Brazil

Sunday 27 October

It was a warm cloudy but slightly humid start of the World Masters Championship Half Marathon which started at 07:00am in conjunction with the Marathon. The course was a fast loop up and down the shoreline of Lake Guaiba and it was a quick start at the front of the field. Ilford AC's Rob Sargent was in the Great Britain M50 team, which fielded the same Bronze medal winning line up as in the previous Championship in Jyvaskyla, Finland and he started at a steady pace and maintained this until 15km into the 21,1 km event. At this point he pushed on to finish in 18th position in the M55 age category in a year's best of 1hr 42 mins 35 secs. He combined with Kevin Deakes, of the Isle of Man who came home 4th in his age group and Steve Doxey of Swinton AC, to repeat the result of 2012 as they took the Bronze medal once again, this time behind Argentina and Chile and ahead of Austria and Brazil.

Frankfurt Marathon

Sunday 27 October

Blair McWhirter, a recent recruit from New Zealand, took part in the Frankfurt Marathon. Due to a few issues at the start he was a little disappointed with his time of 2:27:56. Nonetheless this was good enough for 52nd overall in a top quality field. In his own words "Great experience, incredible support and just makes me more determined for London in 5 months time."

Beachy Head Marathon

Saturday 26 October

Saturday 26th October with very little marathon training Graham Williams with a friend ran in the Beachy Head Marathon. We were very lucky with the weather, very strong winds but dry and with a good deal of sunshine. Towards the end when tiredness set in we did a lot of walking so good times were out the window. Unfortunately with only yards to the finish and an extreme downhill bit I fell over and crashed into concrete smashing my left elbow and a trip to the hospital on the way home. Lucky for me no break. Finishing time was 5 hours 53 minutes 26 seconds about two thirds down the field. This was definitely my last marathon.
