

Press Report 4th August 2015

Ilford AC's elder statesmen, Tony Nixon, completed a remarkably consistent run of results when competing in the 5th and final race of the Harwich 5k series last Tuesday evening. For the 4th consecutive race 67 year old Nixon posted the quickest age related time of the evening crossing the line in an excellent 19 mins and 17 seconds which equated to 14.34 on the age related scale. Unusually the wind had dropped along the Dovercourt seafront affording some pleasant running conditions for the competitors. The Ilford man was delighted to also run his fastest time of the series with his age related time slightly bettering his actual personal best for the distance set many years ago back in his heyday.

Steve Philcox led the squad home over the challenging 5 mile course clocking 31.22 for 11th spot. He was followed in by Kieran McKenna 37th in 34.24.
