Race for Life (cancer research) 5k

Hylands Park, Chelmsford

23rd July 2017

Julie Gillender and Carol Muir both ran in the 'Race for life' (cancer research) 5k race at Hylands park Chelmsford.

This event has special meaning for Julie and Carol as they both lost their mums to cancer. They both struggled a bit with the race as it was quite tough being on a cross country course that was quite muddy, both coming in at just over 30 minutes

Julie and carol would both like to thank all the club members that sponsored them as they both managed to raise over £200 between them.
