Crown to Crown 5k

Langdon hills, Basildon

Wednesday 5th Sept

Last race of this year's popular off road 5k series hosted by Pitsea Striders. The 5k course has a reputation for being one of the toughest around and in particular the finish which is located on a grassy meadow which can only be reached via a long gruelling steep uphill slog! Gary Coombes was the sole Ilford runner and in slightly wet conditions ran very well to secure 3rd place in 18:18. In fact the first 3 runners were unchanged from the previous race held in August.

Great north run

Newcastle

Sunday 9th Sept

43,000 runners attempted the 13.1 mile event, which stretches from Newcastle to South Shields. Among the celebrities taking part were singer Olly Murs, news presenter Sophie Raworth and model Nell McAndrew. Ilford AC put forward three of their own stars to this list. Great north run regular Anthony Young and Family duo John and Anna Crawley.

The weather was warm and the hills were... hilly. After the first few miles in to the race, both John and Anna knew it wasn't going to be their day for a pb as the long drags were relentless so they slowed a little and tried to enjoy the race. John Crawley came home in an impressive 1.31.47 for 647th spot. Antony clocked his 2nd faster course time in 1.51.28 for 4854th.

While Anna finished in 2:03:27 for 9901st.
