

## **Bass Belle 10 Miler**

Bassingbourn

*Sunday November 27<sup>th</sup>*

Sunday saw the 5<sup>th</sup> running of the Bass Belle 10 miler, so named as Basingbourn is known for the famous air plane called the Memphis Belle.

The route is a flat, fast course consisting of 8.5 miles on the road and 1.5 miles on grass track.

The course is described as being perfect for runners making their debut at the distance which is exactly what Ilford AC runner Ray 'sparra' Everingham was setting out to achieve.

Sparra joined the club earlier this year at our Wednesday beginner / improvers nights having never done any running before. Through the year he has now represented the club at various distances, including Cross country, culminating in today's debut at the 10 mile distance.

Sparra was very pleased with his time of 1:38:28 which placed him 255<sup>th</sup> in a field of 369.
