Please see below information from the Club Support Team focussing on some opportunities that you may find interesting and want to share across your club.

Club Leadership Programme

In case you missed this a couple of weeks ago applications are now open for the England Athletics Club Leadership programme. The programme starts in January 2022 and consists of a series of online training webinars, networking opportunities and access to resources. Throughout the programme, experts within their respective fields will be joining us to impart their knowledge and ideas, and to facilitate networking between clubs and club leaders. Applications are invited from 2 individuals per club – one already in a club leadership position and the second place for someone lined up for a leadership role in the future. more details and the application process can be found [here](#)

Run Leader Development Days

Following the success of the virtual Run Leader webinar series in 2021, England Athletics are delivering new content over the winter. These webinars are designed to bring leaders and coaches together in an environment where they can network and learn from key speakers and each other by sharing skills and challenges. We have put together content targeted at 3 different audiences and we believe there is something for everyone:

Newly Qualified Leaders: This 2 part series is on November 29th & 6th December 2021 & costs £15 per person

Experienced Leaders: This 2 part series is on January 24th & 31st 2022 & costs £15 per person

Specialist Topics for leaders/coaches – This 3 part series is on February 21st, 28th & 7th March 2022 & costs £20 per person

For further details, please see the attached flyer or look on our website Alternatively further details can be found directly on the booking site athletics hub
