Well I finally tracked Tom Gardner down for the follow up interview in my Who's Who series, and boy was that tough.

First of all Tom had to spend 2 weeks in Prison (Quarantine detention centre).

Then Australia's email system refused to accept my emails as none of them had been vaccinated 3 times.

Finally I pulled in a few favours and asked Novak Djokovic to ask Tom when he got out there for the Australian Open....but that didn't exactly go to plan either!

Fortunately Novak managed to make a paper aeroplane out of the note with my questions on and he flew it over the 400+ police officers making sure he didn't escape, and an undercover resistance fighter picked up the note and managed to smuggle it through to Tom. Strange times indeed.

Anyway, without further ado please click the link below which will take you to the original article.

Scroll past the photos and you will find the follow up interview along with some stunning photos of Australia that will make you jealous as we sit here through winter!
