Essex Champs 14th/15th May 2022

Ilford had a fine weekend at the Essex champs recently, picking up 11 medals. (4 gold, 3 Silver, 4 Bronze) Unfortunately a breakdown in the results system meant that a week later some results are still missing.

Day 1

First Ilford involvement on day one was the heats of the U15 1500m, Samuel Crane was in heat and produced a great run to finish 6th in a pb time of 4.51.88, his time was so good that he qualified for the final later in the day. Ryder Islam was in heat two and finished in 9th in 5.17.42, which was again a pb. Later in the day in a very fast starting 1500m final, Samuel worked his way through the field to finish in a very creditable 6th place and ran another pb of 4.49.66.

Next up were the 100m heats, and this is an area where results are still missing, in the U13 women , both Laila Charles and Ruby Moffat Virik ran pbs, but unfortunately did not progress to the final. Jadyne Charles also ran a pb of 14.39 in the U17 women's heats. In the U20 women's heats Alenna Lawrence who picked up an injury mid week, ran a season best of 13.30 but was clearly hampered. Toyin Olufemi came 6th in the senior ladies final.

In the men's U15 100m both Tyran Pabla and Jaydn Kyle Mcdermott secured pbs, both were unfortunate not to progress to the final. Defending Champion Hakim Mohammed breezed through the heat and he was joined in the final by training partner Elijah Mayindu. Unfortunately the final was delayed by over 40 minutes. Both Hakim and Elijah made great starts, but as did Lee Dollard of Basildon, as the race progressed Hakim and the Basildon athlete pulled clear, and the Basildon just got the victory on the dip. Elijah ended up in 5th place.

In the 300m Krystle Balogun gained an Essex Gold in a time of 42.93 seconds

Oliver Blainey was Ilford's sole 400m runner and strolled through the heats of the U17 men's 400m easing up considerably down the home straight to ease through in 53.08. In the final the same day Oliver went from the off and established a lead which he maintained the whole way to win by a clear second in a PB time of 50.84.
