Essex Schools Champs

Chelmsford

Saturday June 11th

The Essex Schools 2022 Championships took place at a sunny Chelmsford on Saturday.

The Essex schools is always a key date in the calendar for ambitious athletes as success and fast times can lead to being picked to represent Essex in the English schools.

Iford AC had 6 representatives competing for their borough in this year's race , which was a great achievement in the first place.

All of the Iford stars competed to a very high level but 2 athletes really stood out for their performances at the weekend.

Joseph Grange thought he was doing the 3000m Intermediate boys at the championships but was informed a few days before the race that he had been entered for the 1500. In a tough race Joseph went with the leader and both pulled away from the rest of the field with about a lap to go and Joseph pushed the Woodford boy right through the line. Joseph was rewarded with a well earned silver medal, a massive

Personal best of 4.09, a school record and a place in the English schools in his favored 3000 event.

The other outstanding athlete of the day was Oliver Blainey. Oliver was already Essex club champion and is growing with confidence as the season grows. In his Intermediate heat earlier in the morning, Oliver pushed the first 200 in the 400 Heat but then slowed down to conserve energy for the final. In the final Oliver went off quickly to open up a slight lead and powered away in the last 100 to win the Essex Schools 400 title in 50.87, just behind his personal best.

This performance was good enough to take Oliver, along with Joseph, to the English schools to compete against the best athletes in the country in July

In the 800 Junior Boys Heats James Thake was in the second heat of 3 with 2 from each heat to make the final plus 2 fastest losers. In the fastest heat of the 800 James ran superbly to run 2.11 to finish third. James not only made the final as fastest loser he also achieved a personal best of 6 seconds. In the final James was in with a real chance with 300m to go but was unable to duplicate his performance in the heat and came 8th in the final but he should be proud of his performance.

In the third heat Aaron Hick was up with the leaders to try and get the top 2 finish but was just out sprinted by another athlete to come third. Aaron's 2.18 time meant he didn't make the final but Aaron still performed well

In the Junior Boys 1500 Samuel Crane ran very well in a quality 1500 race. Samuel ended up with 4.51, just short of his personal best. Ronan Edwards, who medalled in the Essex club champs ran in the 800m Heats. Ronan, in the middle of exams narrowly missed out on the final and once exams are of the way will return to his best form.
