First of all thank you to everyone who has offered their help for the Hilly 5.

Our new (temporary) route meant far more marshals than normal and i'm pleased to say all positions have been filled.

I shall be doing a walk around mid afternoon and placing markers where I want the marshals but if you are unsure from the map where you are then please arrive by no later than 6pm when I will take marshals out to their positions.

If you know your positions please arrive prior to 7:30 start and more importantly please inform me if you are not going to make it.

We will be telling people if they want toilet facilities to use the Main car park on Fox burrows road, but the people I have allocated for car park marshalling will be doing so on the field adjacent the start which we will open and allow everyone to use.

Attached maps are not to scale (and you're right, no artist was employed to draw them out !!!) and some paths that we are not using have just been shown for reference.

The lap of the field after lap 1 / end of race is going to be very dependent on the grass being cut (which we have requested) so may be subject to late change

Any questions please ask away.

Thank you again for your help and see you all next Wednesday

Billy
