

ILFORD AC MAKE CAPITAL GAINS IN BERLIN, LONDON AND CARDIFF

Ilford AC Athletes Shine at 2023 Berlin Marathon.

Five Ilford AC athletes travelled to Berlin for the 49th edition of the annual Berlin marathon, one of the Six Marathon Majors, along with London, Tokyo, Boston, Chicago and New York City.

In a field of 48,000 runners, from 156 different countries, all 5 of our athletes had outstanding performances on what is a notoriously flat and fast course

In near perfect conditions the first athlete back was Sam Rahman running a personal best of 2:47:26 placing 225th in the M40 age category.

Running together for most of the 26.2 miles Richard Woolterton and Danny Holeyman pushed each other to personal bests, 3:07:20 (265th M50) and 3:07:47 (270th M50) respectively.

Finishing in a respectable 3:15:43 (440th M50) Diarmuid MaC Donnell also completed his 4th world marathon major.

Rounding up the quintet with a solid run in 4:13:09 (2110th M50) was Stephen Lacey.

The race was won by Eliud Kipchoge for a record 5th time and saw a new women's world record of 2:11:53 by Ethiopia's Tigst Assefa.

Cardiff Half Marathon

The Cardiff Half is Wales' largest mass participation event and raises around £3m for good causes every year.

This year over 20,000 runners crossed the finishing line including Ilfords Malcolm Muir, who put in his normal gutsy performance to record his fastest Half Marathon time of the season of 1:22:58 to come home in an impressive 302nd place.
