Ilford AC's Walking Section were sorry to hear of Mick Barnbrook's death, after long illness, aged 80. He was born in Romford's new demolished Oldchurch Hospital and brought up in Plaistow. Early talents were seen at table tennis venues, where he once played the late Chester Barnes in a league match, losing narrowly. He was a solid Clubman in athletics, who

enjoyed participating in both running and race walking, before concentrating on the latter. In 2 spells with Ilford AC, as a true all-rounder, he clocked up many appearances over all distances. In 49 years of continuous athletics he only dropped out of one event! He was a “rank-and-file” competitor who was always there, his best medal being a silver team medal in Ilford’s team in the 2001 National 100 Miles Championship at Colchester’s Lower Castle Park. A retired Metropolitan Police Inspector he gained representative honours for the British Police race walking team. On retirement he relocated to Ramsgate.
