## SENIORS

### Little Bromley 10k

Essex

Last Sunday saw the Eighth running of the Little Bromley 10k, with profits from the event going to local charities.

The course is a flat single lap run through the picturesque countryside lanes of the village of Little Bromley. Ilford stalwart Malcolm Muir put in his usual gutsy performance to record a time of 35 minutes 12 seconds, which placed him 19th on the day and first in his age category. The race was won by Jack Nixon, who although not representing Ilford on the day, runs 2nd claim for the club, in a time of 31 minutes 05 seconds.

### **St Clares 10k**

Essex

The St Clare Hospice 10k starts and finishes at the Hospice in Hastingwood, Essex, tackling a route along roads through the beautiful Essex countryside and raises much needed funds for the Hospice.

Ilford Julia Galea is a regular at this event and was pleased with her time of 1 hour 3 minutes 05 seconds which placed her 12th in her age grouping on the day.

### **Sao Paulo Half Marathon**

Brazil

Ilfords Anthony Young is having an extended stay in Brazil at the moment, and has not let his fitness drop by entering some local races. Last weekend Tony participated in the Sao Paulo Half Marathon. Despite the intense heat of over 35 degrees, which to a Newcastle born lad is over 35 degrees more than he would normally have ran in during the Summer when growing up , Tony was pleased with his performance of 2 hours 01 minute 16 seconds which placed him 8th in his age grouping.

## Larne 10 Mile

Northern Ireland

Also racing abroad this weekend was Ilfords John Crawley, who is now permanently based in Northern Ireland, whilst still retaining his Ilford AC membership.

John joined almost 700 other runners in the annual Larne 10 mile race, out and back along the coast in County Antrim.

John set out at a very fast pace but at 4 miles he felt he had probably set out too fast, and that along with an unusually warm day and a strong headwind at the 5 mile turnaround point meant that he found the second half of the race very tough going. Despite this, John finished in a very good time of 68 minutes 07 seconds to place 65th on the day
