All Club e-mail messages can now be viewed via the Ilford AC web site link at ilfordathleticclub.co.uk/messages

..

The application has gone in for an all-weather football pitch at Cricklefields (As attached).

Could all members and parents in particular of our development squad please respond to fight off this misguided unwanted suggestion which would mean the end of all athletics throwing events (apart from shot put) at our community athletics stadium and possibly lead to even athletics track events being severely affected.

Please respond to the Consultation document by the 14th September to support the club, Redbridge schools and all other users that have enjoyed using Cricklefields for a full programme of track & FIELD events for over 80 years.

As pretty much everyone knows we now have a thriving young athletes track and field team with at least 60 kids under 18 attending for training every Tuesday and Thursday. Continuing this is now in jeopardy. The children benefiting come from a complete cross section within the borough from disadvantaged families, every ethnic background and with differing special needs.

Please do not leave it to someone else. Everyone needs to act.
